Noes: 1 -

Richard L. Slayton

- 5. [12709](#) 909, 911, & 913 College Court/906 Regent Street - PUD(GDP-SIP), Mixed-Use Development. 8th Ald. Dist.

The motion required address of the concerns stated in the report and the following:

- Look at providing an alternative such as a green roof on the step back along Regent Street as well as the west elevation and College Court elevation. Continued discussion on this item noted that there was no interaction of the building to adjacent buildings; such as the Italian Working Men’s Club and adjacent two-story brick building.
- Need to provide context with adjacent existing structures.
- Need icon to replace Josie’s signage.
- Top element is unresolved. More attention and detail is required on the tower/corner element with more context with adjacent historic buildings.
- On the Regent facade the shallow blade of the canopy is unresolved with the building appearing to be top heavy. The canopy slices the upper and lower portions of the facade, which needs to be connected down to the ground.

A motion was made by Luskin, seconded by Rummel, to Grant Initial Approval. The motion passed by voice vote/other.
