Legislative History

7/20/09	Community and Economic Development Unit Board of Estimates, Economic Development Committee	Referred for Introduction
7/21/09	COMMON COUNCIL Additional Referral(s): Economic Development Committee	Refer to the BOARD OF ESTIMATES
7/21/09	BOARD OF ESTIMATES	Refer to the ECONOMIC DEVELOPMENT COMMITTEE
8/5/09	ECONOMIC DEVELOPMENT COMMITTEE Mr. Mikolajewski, Manager of the Office of Business Resources explained the resolution and the project. He said the resolution's fiscal note states there is currently no increment in TID # 39.	Return to Lead with the Following Recommendation(s) to the BOARD OF ESTIMATES

Mr. Michael May, City Attorney, reviewed a memo that he distributed. He said there are two main questions to be answered:

1. The language of TIF "But For" analysis does not bar competitive factors; however, it is hard to determine what level of TIF assistance to provide if the policy is changed

to get evidence of need based on assistance provided by a competing community.

2. Does the project meet public purpose? The courts are more lenient when considering public purpose; however, the community and it needs to be clear and have set standards.
3. He noted the law is not clear and we need to proceed with caution.

Mr. Clarke asked if the Workforce Development Board's economic analysis software, which could develop a multiplier factor for the impact of the new jobs would be of use to analyze the loan?

Mr. May said it would support the public purpose argument.

Mr. Clarke asked what level of local benefit is preferred?

Mr. May said the TIF law does not consider competitive benefits.

Ms. Torkildson inquired about the liability to the City?

Mr. May said the TIF Joint Review Board needs clear standards.

Ms. Selkove asked if any TIF applications have not met the standards and still been approved?

Mr. Gromacki, City of Madison TIF Coordinator, did not know of any.

Mr. Clarke asked about use of TIF for the BioAg Gateway? Mr. Gromacki replied it met the "But For" test.

Alder Clear asked how other communities use TIF for competitive purposes?

Mr. May does not know of any and said there has been no court cases challenging this use of TIF. Mr. Gromacki noted Warrens, Wisconsin did not do an analysis on an \$18 million TIF project that eventually failed and Altoona, Wisconsin did not do an analysis and their project also failed.

Ms. Selkove asked what is the timeline for the EDC's review?

Mr. May responded that the EDC is the first committee to review this resolution.

Mr. Tim Cooley said the Danisco application is an exception to City policy and it is not changing policy. The reality is municipal competition is strong and we are trying to use the few tools that we have available.

Ms. Selkove asked if action by the EDC was necessary tonight?

Mr. Mikolajewski added the next BOE meetings are Aug 24th and Sept. 21st; the next Common Council meetings are Sept 1st and Sept 15th and the next EDC meeting is Sept 2nd. If the EDC defers action the BOE can proceed without the EDC's recommendation.

Alder Compton explained that when TID # 24 closed Danisco was ready to go ahead with a \$50 million dollar expansion. They went to Rochester New York because of lack of City support. She wants the EDC to think about the timeliness of the process and use industrial TID to its full extent. TIF is not corporate welfare, it is an investment by all government bodies. The Danisco project is the front door of the BioAg gateway and a business anchor.

Ms. Stone asked about the type of jobs to be created?

Mr. Mikolajewski said part of the jobs would be manufacturing and part professional jobs.

Mr. Gromacki said the borrower typically asks for the gap in what is needed for a project. TIF staff reviews the loan to value ration and access to other capital is usually looked at.

Ms. Stone asked if this TIF application will create 25 new jobs and keep 20 existing jobs in Madison?

Mr. Cooley said the existing 20 jobs would stay if the 25 new jobs are not created. What is in jeopardy is beyond this \$13 million investment in phase 2. If this is not approved it is unlikely another phase in the future would be in Madison.

Ms. Stone asked if this was a bidding war between Rochester and Madison?

Mr. Cooley said no it is not.

Mr. Sanchez asked if there are any assurances that this company will stay in Madison?

Mr. Cooley noted Danisco is growing by acquiring other companies and eventually will grow internally. This project makes sure the company puts down deep roots in Madison for future growth here.

Alder Clear noted this application is for approx. 2.5 % of the project's cost and asked if this is a typical gap?

Mr. Gromacki said Danisco had a net profit of \$35 million last year and this is question of want versus need.

Alder Clear asked if this ratio of TIF to total investment is typical?

Mr. Gromacki said the ratios vary and he looks at the equity of the company.

Mr. Clarke asked what can the EDC provide to the Common Council as they make their decision on this project? We need more flexibility in the City's tools for economic development. We should move toward a positive posture and recommend a way to make a decision. We should encourage staff to look at the multiplier of jobs and offer that as a way for the Common Council to evaluate the application. He offered the Workforce Development Board's software to do the analysis.

Ms. Torkildson asked for clarification about this being an exception to the TIF policy not changing the policy?
Mr. Cooley said it is an exception.

Alder Clear is concerned that we are throwing away the rules and the "But For" clause has been the gold standard until now. He is very worried that this is a bidding war for the company.

Ms. Selkove said we just finished years of revising the TIF policy. This project is a very slippery slope; what about the perception from other businesses; this undermines TIF staff recommendations; this is an end run around staff. She asked if we are putting aside existing policy for a small amount of an existing project?

Mr. Cooley said past uses of TIF have been as a last resort for the borrowers. We are in an international competition for businesses.

Alder Compton said economic development has a wide definition. Last night the Council gave \$106,000 to a private business to create one job per year for six years. She sees the potential of the BioAg Campus and this area is on the cusp of positive industrial development. Danisco is an anchor business that needs \$300,000 to expand. The City needs to support this "out of policy" project and this is not corporate welfare.

Ms. Stone is concerned about the lack of information and criteria on this application.

Mr. Cooley replied this is a judgment call.

Alder Clear said someone is telling Danisco they need \$300,000. Mr. Cooley said this is different than real estate deals with developers. If the City does not do this we lose all future projects.

Alder Compton said the majority of what the City does is for residential not industrial. This is a situation to be what we want to be. This is not a risk because this is a company that will succeed. TID # 24 was a success.

Mr. Clarke reminded the EDC of their meeting with Kathy Heady from the Wis. Dept. of Commerce. She works throughout the State and said Madison is not competitive and needs to be. This is how economic development is done.

Ms. Torkildson said her business is often called for price breaks and she has to consider giving discounts to get her "foot in the door" at a company. Constant competition is a reality.

Alder Clear said the decision making process for the City is different than for a business. We are playing poker with taxpayer money.

Mr. Clarke asked what is the risk?
Alder Clear said the taxpayers will have new debt service. He asked Mr. Mendoza for the Mayor's opinion?

Mr. Mendoza thanked the EDC for taking this issue on. He said the Mayor is grappling with the same issues as this group and is conflicted. He wants this body and others to engage in discussing the pros and cons of this application.

Ms. Selkove is concerned about the other companies in the queue and if this will take away from another project?

Alder Compton mentioned that Peletteri Waste is applying for TIF funding.

Mr. Cooley said there is not a queue.

7/15/09	URBAN DESIGN COMMISSION	Return to Lead with the Recommendation for Approval to the PLAN COMMISSION The motion recommended approval with the provision that appropriate notice be given regarding impacts of the plan which effect areas outside of the plan boundaries that require efforts to coordinate redevelopment of these areas in conjunction with other neighborhoods and Aldermanic representatives.
7/16/09	LONG RANGE TRANSPORTATION PLANNING COMMITTEE	Return to Lead with the Following Recommendation(s) to the PLAN COMMISSION
7/22/09	BOARD OF PUBLIC WORKS	Return to Lead with the Recommendation for Approval to the PLAN COMMISSION
7/27/09	BOARD OF ESTIMATES	Return to Lead with the Recommendation for Approval to the PLAN COMMISSION
7/28/09	PEDESTRIAN/BICYCLE/MOTOR VEHICLE COMMISSION	Return to Lead with the Following Recommendation(s) to the PLAN COMMISSION The motion was amended to return to the lead with the following recommendations that language be included to specify where the Neighborhood wants and does not want left turn lanes, that sidewalks be constructed on both sides of Science Drive, and that all sidewalks and bike paths comply with current AASHTO requirements and City policy. The motion passed by voice vote/other.
8/3/09	PLAN COMMISSION	RECOMMEND TO COUNCIL TO ADOPT - REPORT OF OFFICER The Plan Commission recommended adoption of the neighborhood plan to the Common Council with the recommendations of the Long Range Transportation Planning Commission, Urban Design Commission and Pedestrian/Bicycle/Motor Vehicle Commission. The motion passed by voice vote/other.
8/5/09	ECONOMIC DEVELOPMENT COMMITTEE	Return to Lead with the Recommendation for Approval to the PLAN COMMISSION Mr. Bill Clingan, Director of Community Development Division, explained the over \$4 million in the Affordable Housing Trust is designated for the creation of affordable housing. If the funds are used for other purposes an ordinance must be changed to allow this to happen. He referred to the HUD email about the City

applying for money to cover the increase in voucher costs.

Alder Schumacher asked that this resolution continue through the review process. It can be placed on file at the Common Council meeting if the funding comes through from HUD. He said the Housing Committee approved it and recommended replacement of the funds into the Affordable Housing Trust.

Mr. Clarke asked why this is an economic development issue? Alder Clear said this is economic development as it relates to other ways the Housing Trust Fund could be used in the future, for instance at Allied Drive, or other areas within the City where housing stock becomes depressed.

Mr. Clingan said the CDBG Office is not taking a position on this.

Mr. Clarke said the EDC usually does not see neighborhood plans and thanked staff for bringing these to the EDC.

Ms. Torkildson asked if the building heights in the schematics are the maximum allowed?

Alder Schmidt said that the zoning codes set the minimum heights.

Alder Clear said neighborhood plans are advisory to the Plan Commission and the Common Council.
